derma-R_x COMEDONE FORMULA

The **derma-R_x Comedone Formula** now comes in revolutionary packaging with UV-protected airless pump bottles, embracing the ever popular award-winning natural formulation of botanical extracts that helps to reduce the appearance of blackheads, whiteheads and blemishes.

The new UV-protected airless packaging completely seals the product from oxygen, which is the main cause of product degradation; as well as cutting out the harmful effects of sunlight.

Made from natural botanical extracts that even Mother Nature will approve of, the **derma-R_x Comedone Formula** works wonders in pore refining and is even suited for the most sensitive skin. Containing unique fruit essences that also helps in regulating sebum production, prepare yourself for a poreless, grease-free complexion.

What's special about the Comedone Formula?

Comedone Formula is an all-natural product containing strong plant based active ingredients that fight blemishes, decongest clogged pores and maintain sebum regulation. This fast-absorbing formulation delivers a soothed and oil-free complexion.

Ingredients & Benefits:

- **Lycopene derived from Tomato extract**

This potent antioxidant helps to protect the skin from environmental agents that can contribute to clogged pores and breakouts. Its natural fruit acids regulate sebum production, optimising oil control in the skin.

- **Kudzu Root and Great Burdock Root extract**

Contains Isoflavones and Genestien, potent anti-inflammatory elements for soothing and calming acne-prone skin.

- **Embodied with Chamomile extract:**

Exhibits great anti-inflammatory properties due to the inhibition of histamine release and free-radical scavenging.

Who is it for?

Women and men of all ages who desire an airbrushed complexion, free of blackheads, whiteheads and all matters of the pores.
