ENHANCING YOUR NATURAL GLOW

Derma-Rx Illuminator

THE NEW IMPROVED formula brings radiance and luminosity into your life.

The LATEST **Illuminator** is upgraded with the infusion of ingredients in a lighter texture – a *Multi-action Illuminating Serum*.

Features a multi-action brightening strategy. No longer simply fighting melanin to brighten skin, the Illuminator works aversely to also eliminate other factors that contribute to dull and uneven complexion.

Scientifically-reformulated ingredients & benefits:

White Bird of Paradise Flower Extract:

Helps degrade bilirubin, a waste product from the normal breakdown of red blood cells that causes skin yellow discoloration, while boosting collagen III levels to increase luminosity.

Alpha Glucosyl Hesperidin:

Improves capillary circulation thus boosting oxygen levels underneath the skin for a natural rosy glow.

Natural Antioxidant Derived from Grapes:

Defends environmental aggressors against harmful UV radiation and protects against skin aging.

What's special about the LATEST Illuminator?

- Works using a multi-action system to achieve radiant skin
- Stimulates capillary circulation thus boosting oxygenation in skin for youthful glow
- Removes stubborn dark pigments on epidermis for glowing complexion
- Can be used on a long-term basis without side effects
- Fragrance and paraben-free

Who is it for?

Women and men of all ages with uneven skin tone and dull sallow skin.

DARK SPOTS BE GONE

Derma-Rx Intensive Lightener

REFORMULATED with exclusive clinically proven depigmentors to effectively whiten and even your skin tone.

The New Intensive Lightener from Derma-Rx is the strongest it has ever been. Based on a cutting-edge formulation that combats dark spots and dismisses skin pigmentation.

Created, Reformulated & Improved.

Based on the latest formulation technology, the new Derma-Rx Intensive Lightener is fortified with potent ingredients, which blend synergistically with a smart delivery system for the ultimate skin lightening experience.

Scientifically-reformulated ingredients & benefits:

Whitening Peptide, Oligopeptide-68:

Helps prevent melanin production with liposome encapsulation technology to ensure deeper delivery into the skin for enhanced skin whitening efficacy.

Ceramides and Phytosphingosine:

Working hand in hand to build up the natural barrier of skin to protect against all harmful UV damages.

Tumeric Root Extract:

Helps diminish melanin synthesis to reduce hyperpigmentation safely and effectively.

What's special about the Intensive Lightener?

- Heightened penetration of ingredients into the deeper layer of skin for enhanced lightening benefits through a smart liposome delivery system
- Lightens various types of pigmentation (freckles, melasma, sun spots, etc) safely and effectively
- Hydroquinone-free
- Fragrance and paraben-free

Who is it for?

Women and men of all ages with dark spots and pigmentation.
